Stand not in our way, stand not in our way, Beelzebub;  
Get behind us, behold the Yahweh,  
Stand not in our way, stand not in our way,  
Beelzebub; get behind us behold the yahweh

Stand not in our way, stand not in our way, Beelzebub;  
Get behind us, behold the Yahweh,  
Stand not in our way, stand not in our way,  
Beelzebub; get behind us behold the yahweh

IÂ'm tryin'to resist all this temptation that IÂ've been  
facing lately  
Constantly praying that I can make it and keep on  
shakin' Satan  
ItÂ's drivin' me crazy 'cause he makin' the plate look oh  
so tasty  
Then again, IÂ'm knowin' that itÂ's only Yahweh that  
can save me  
Livin'in this world today It's really gettin harder to stay  
awakened  
But I'm not tryin' to get caught too drowsy 'cause I know  
we're waitin  
Just contemplatin' on my situation, hopin' that my  
desperation eventually breaks my concentration  
But I'm waitin' cause I'm aware that it's a snake in the  
grass  
Can't wait for God to free us" we can scream it at last  
Now oh my God, God, God! God of my God, God, God  
(Now, oh my God, God, God...) Steady all day

Stand not in our way, stand not in our way, Beelzebub;  
Get behind us, behold the Yahweh,  
Stand not in our way, stand not in our way,  
Beelzebub; get behind us behold the yahweh

Stand not in our way, stand not in our way, Beelzebub;  
Get behind us, behold the Yahweh,  
Stand not in our way, stand not in our way,  
Beelzebub; get behind us behold the yahweh

As long as the Lord got my back, I won't be afraid of  
the evils around me when they surround me

I drop to my knees and I pray to the Lord proudly

Probably, these trials and tribulations in front of my  
face is a test so I be standin' firm in my faith  
Stand not in my way, stand not in my way 'cause I'm a  
soldier ready for Armageddon, prepared for my day  
Make no mistake-stake-stake stake; These bells above,  
they never break-break-break  
You hear the alarm; We're headed for ruin  
This world is so wicked; Controlled by the superpowers,  
the Federal Government  
They' wagin' these wars for this oil, actin' like they love  
it  
We rise above it 'cause they can't deny the truth  
And the truth is to the youth; Better strap on your boots

Stand not in our way, stand not in our way, Beelzebub;  
Get behind us, behold the Yahweh,  
Stand not in our way, stand not in our way,  
Beelzebub; get behind us behold the yahweh

Stand not in our way, stand not in our way, Beelzebub;  
Get behind us, behold the Yahweh,  
Stand not in our way, stand not in our way,  
Beelzebub; get behind us behold the yahweh

Everyday's a replay; We always facin' evil people  
Some have them wicked ways, some donate they lives  
just to make us not equal  
And oh, my Lord I want to make it welcome in your  
home, but I must demand forgiveness 'cause I done  
did so wrong  
I gotta make a stand in my way, whatever I gotta do, I'll  
do it; Lord, just show me the way  
So I pray, yes for me, and all my peeps in here that  
don't believe  
It's hard to seein' what we see, but you got to  
Just let it begin and you will feel that faith inside you  
Never alone, always right beside you  
Every time something goes wrong, who's the person  
you call to? Huh, huh? Huh, huh?
