Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)

Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)

Dear officer, they wanna come get me but I'm a keep
running
'Cause prison ain't for me you know me, no surrender
Break you off fo' sure, you betta repent
'Cause me and the cell'll never prevail, you know me,
no pretender

We runnin' and duckin' evading the law since I can
remember
Tryna get paid selling my yae from January to
December
In the kids a, through the blizzard on the porch when
it's scorching
Only fuck wit 'phernalia when I'm stackin' my fortune

Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)

Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)

Some tryna look for a lease, down here
Get killed fucking wit da police
No love no trust no respect for us
And we will not surrender to the police

All they do is fall
Kill us over jealous cigars
My witness day and shoot niggas up
Leave a family scarred

Nigga fuck the police, they get behind me
Then fuck the police, I got what they need, I'm legal
Don't give them that reason just to fuck wit you
They hate when they can't touch you and never ever
gettin' it
[Incomprehensible]

Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)

Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)

We got some issues wit da po-po
They keep on killin' us why ain't nobody seeing this I
don't know
Even niggas in the middle of the street
The black cop! Black cop, black cop, black cop

It's like every other day the po-po kill a man
And justice will trust me, don't nobody give a damn
So what you gonna do when they try to do you?
Would you pop, pop, pop, pop, pop, or let them shoot
you?

Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)

Mr. Law Protector, we don't respect ya
You took too many innocent lives
(Still no surrender)
It's all too familiar, license to kill ya
Seems to be to work every time
(Still no remember)
