No, I sound so raw, 'cause I'm down by law
Tryna play me 'cause I'm rappin', I will break yo' jaw
Catch a *** in these streets, make you take clothes off
Leave you dead butt naked, man, you *** with a boss

Cross paths with me, I'm in the hood, all them Watts, in
the Bronx
Where they cater all around the devil block
Trouble not, I'm ready for 'em, *** they know I'm ready
for them
I'm the hardest, I'ma deadly poet, so I'm heated heavy
for it

Why you lookin' for me *** what yo' lookin'? Ask
Meet me in the club, all my *** get to whoopin' ***
Then a *** sue me, sue me
*** pos'ed to be thug, *** pos'ed to be street

Pull your skirt down, *** 'cause we smellin' yo' ***
The whole bottom line is you can't *** wit me
Will.I.Am, the ghetto, Will.I.Am, the ghetto

'Cause I'm a thug by nature, thug by nature
Gotta keep thuggin', I'm thuggin', gotta keep thuggin',
I'm thuggin'

If you lookin' for me, I'll be rollin'
You can find me in the streets, you, you can find me in
the streets
If you lookin' for me, I'll be rollin'
You can find me in the streets, you, you can find me in
the streets

It's the black rag assassin, 44 Mag blastin'
Black ski mask throwin' shots out a Dodge Magnum
Gang bang forever, put the barrel on the head of the
devil
Wit homicidal intentions, I reign terror

On any clique or squad you *** you fraud
I'ma tickin' time bomb that'll finish the job
Lyrical damage, a 1-2 punch, crush you amateurs

Box and watch me execute like Cockins

My flow pipin' hot scorchin', proceed with caution
Murder any MC, ya soul is lost when I'm ridin' with them
Bone Thugs
Black Glocks and chrome slugs
Parked on the block with the nose up

Get ready for the 'Face/Off'
Nicholas Cage ain't got *** on a *** wit a *** grenade
One man army, only two things in the world can calm
me
West *** and that bomb ***

I never back down, never back down
Never back down, now that the Bone Thug's back

If you lookin' for me, I'll be rollin'
You can find me in the streets, you, you can find me in
the streets
If you lookin', for me, I'll be, rollin'
You can find me in the streets, you, you can find me in
the streets

Now we the *** in the black Dickies and steel toe boots
Stomp on that *** that got a pistol and he still won't
shoot
'Cause he a *** like halfa' these *** is rappin', I'ma let
you know
These *** is actin' and puttin' on a fashion show

We done checked these ***, met these ***
Man, I don't respect these ***
I'm a real motherf*** T H U G
Original hate to be a critic, but yo' *** I ain't feelin', no

You *** is elementary, I got history
Lyrically you can't see me, physically I'll bring you
misery
Seriously, you *** ain't been hearin' me
But listen to these other *** hits
You hear my twist, they blew my ***

But it's all good, 'cause we keep it all hood
And when we see *** get raw dog like a hog should
Just lemme put the motherf***' money on the wood
*** would be gone if they could

But I'ma shut 'em down, I'ma shut 'em down, I'ma shut
'em down
Bone *** known not to *** around

If you lookin' for me, I'll be rollin'
You can find me in the streets, you, you can find me in
the streets
If you lookin', for me, I'll be rollin'
You can find me in the streets, you, you can find me in
the streets
If you lookin'

I got my hand on my *** grippin' in the raws
Hood star, sit up in my boulevard
You know I'm in the streets, I ain't hard to reach on
some cool ***
And some beef ***, I'm in the streets

This ain't my only occupation, hittin' avenues, chasin'
paper always
And I know how to get it and pissy hallways
In the raw way, you can get it how you live
*** step the wrong way

I let it bang, b-bang, bang, I'm the streets for real
And I love it but you know how the game play, got me
ready to kill
Somebody, but it's all good
Wit these shows, they my streets, *** all good

Gotta be stackin' my paper like that's all I know
*** is playin', I gotta get it, lock and load
Winter through summer, summer back through to
winter
We hustlin', dawg, hustlin', hustlin', hustlin'

Give it all you got, give it all you got, hustlin'
*** is talkin' 'bout we now, watch yo' mouth

If you lookin' for me, I'll be rollin'
You can find me in the streets, you, you can find me in
the streets
If you lookin', for me, I'll be rollin'
You can find me in the streets, you, you can find me in
the streets
If you lookin'
