Did it, I do it, and ya'll know that I'm with it/ I'll give anything for past sinnin' and take it back/ A hustlin' little nigga with cash, but now we grind a little bit harder, harder/ My niggas stories in order/ Shit, it was hard for me Momma/ My mortal droppin' the borders/ My homie was damn fast, Heather was right behind you/ Cassy Cass that's my little sister, my father loved you like the only child/ Funny, he ain't never seen my smile but I'm grown now, Momma called me "bathroom baby" Get outta the young folk business, it would've been better if you would have raised me/ But oh, streets smothered in crack, smotherin' me and the brothers/ I wanna move outta this country, get away from motherfuckers/ Nine millimeter heater/ Krayzie Bone, I was so happy to see him up outta prison, up at the phone/ And I'm a lit one more up to the sky, my fate/ I got my little nigga Layzie Bone, Flesh N Bone, Wish N' B, Wish N' B

-Chorus-Bizzy & Wish-

Layzie Bone

Sometimes strugglin' hustlin' jugglin' the game, tryin' to keep from trouble and sin/ Wanna let this darkness evil in? No no no/ I won't let 'em win/ I'm a real nigga, thorough nigga, travel around the world wit'cha/ No stress, no pain/ No pain, no gain/ You get the picture? If everybody was movin', man it would really be about

action/ Tell me what's happenin'? I'm a be that thug
that's out here, keepin' it crackin' throwin' up "Thug
Luv!"/ On the real my city with me, and Cleveland is the
city where we come from still/ I got on my feet you go
do what you got and apply yourself/Mess around and
be by yourself, right with yourself, nigga look at
yourself in the dark lost and lonely and trippin'/ Better
get it straight 'fore it's too late/ It's a new day, so damn
slippin'

-Chorus-Bizzy & Wish-

Krayzie Bone

Nigga, I done been through Hell and back, but I got
them demons still after me/ They want me to sell my
soul, but I won't fold, oh no/ I can't be broke, I stay a
souljah boy/ In my state of awareness I'm callin'
paranoid, whatever/ Po Po tappin' my phone, bitches
after my dough, niggas plottin' to kill me for a ho I
didn't know/ Was so scandalous is this my fault for
gamblin? Temptation got my back against the wall, my
God/ So I'm swingin' steady droppin' bombs on these
demons that keep screamin'/ Hear my dreams, they
callin' me harmin' me I'm seein'/ Walkin' in the rain
(Rain) buzzin' off the pain (Pain) Tryin' top get away,
but know I really can't get out the game/ I got my
problems, but I chose this life, I gotta be a thug and
maintain (I Maintain)

-Chorus-Bizzy & Wish-

Wish Bone

I been on this stuff, trippin'/ Got me laughin' at ya'll/ So
what 'cha gon' do is really on you/ You know it really
ain't that hard/ Got 'em screamin' "Hey DJ, can ya play
that song?" Askin' the dippin' nigga trippin' when ya
poppin' at Bone/ And ya'll know, we do this for a livin'
even if we don't get paid, we still be out here trippin'/
Cause that's the Thugs way, and if ya got a problem I
suggest you walk on/ Money, money, money (Money,
money) is all I'm really on/ Scandalous, rough and
rugged is how I like it/ Nine milimeter tuckin' and you
don't wanna try it/ This is how a thug gets down/ You
heard, you heard act like you know when ya come
around, around
