BoneÂ...

*[Flesh]*

And hear that raw shit  
We blow this mother fuckers  
And never obeyed the law bitch  
Ever get noticed all you other niggas are frogs  
Got skeletons in your closet  
Wanna be blowed away wita gauge  
I be rottin till pieces they shattered  
Niggas they scattered they testin like bullets  
They gather up how many mudedered  
DonÂ't matter up in this rap shit  
You got to come with it cant fake the funk at all  
And bet your gonna fall studying the bone thug style  
But whatcha gonna do when you face to face with the  
5th dawg  
Sneakin federals get wet I'ma predator the reap  
No mercy those sleep where my niggas creep  
And remember they crept and they came with Eazy  
Cant calm me down give me a pound smoke and a  
bong  
Just too damn greedy see these want to be these  
G's just cuz of our thug mentality  
ItÂ'll be casualties face that gorilla with a nigga torked  
at chu  
Niggas who slippin I'm commin to get you die they flat  
on their backs collapsed perhaps  
You shoulda knew when you came threw  
You fucked with a nigga too deadly  
Haters all try to come fuck with the gust  
Well wanna test these nutz G you aint ready  
But do what chu got to do I'll rob you fools  
I'll cruse till grim reaps through  
Nigga motherfuck em donÂ't trust em  
I'll buck em in the gut and shoot you too

*[Chorus]*

Now you cant hate us all day  
We aint leavin no way

We changed the whole game  
We brought you into the future  
From the 99  
Come on come on come on come on come on  
Now you cant hate us all day  
We aint leavin no way  
We changed the whole game  
We brought you into the future  
From the 99  
Come on come on come on come on come on

*[Layzie]*

Well it's the niggas the niggas the killas that's  
raised round sin  
Niggas they try to conetend but know they cant win  
When I'm breakin flesh up outa the pen  
Gimme the hin and gimme the gin  
Ready to put in my work again  
Nigga better watch it you got it  
I'm poppin quick for the dividends  
I'm in it to win it  
The rest of these rappers that shit is on pause  
Got too many flaws you niggas is soft  
Thry lyrics is false the reason I'm commin to break em  
off  
Got to get mine so I'm takin yours  
Wishin they never did open the door  
I'm kickin it through bitch get on the floor  
Knowin they never ganna talk no more hoes  
Original niggas that's right we always been down for  
the murda man

I'ma come back to serve the game break em on down  
and hurt em man  
I never give no mercy mercy after thirty five million still  
thirsty thirsty

*[Chorus]*

*[Krayzie]*

Now yall know niggas been here since we was runnin  
around with Eazy-E  
They was like who was these little niggas talking all of  
this shit from the Cleveland streets  
They aint nothing like these  
And we never had beef cuz we was a different kind of  
breed  
Beef with a nigga you bleed fuckin with bone  
Been blowin some weed and singing my song hoe  
My nigga that's krayzie layzie wish flesh  
Wanna bet we the all time best

The force of the rhythm we give em similar to a sawed  
off pump hittin your chest  
Rippin your vest listen to that  
You know when we commin for trouble cuz we got em  
barrels runnin up on you  
aint none of you ready for murder ta bubble IÂ'm I  
pump and (??) defeated them  
all  
They was all scheming thinking wed fall  
Then all of a sudden we got up and balled again  
Now you cant witness the hearts of men  
The game was down  
To help it survive we blew through like fresh oxygen  
And I got my nine millimeter cocked again  
You thug niggas is not my friend

*[Chorus]*

*[Wish]*

When we crept wasnÂ't nothing like this  
Had to be different so we came with a twist  
Straight from the streets where the niggas get rich  
Better find a pattern till you see who it is  
Livin is hard make soldier growin see what it is take  
order  
Who knew thugs true we bring it through for two one six  
We in this put it down make you feel this  
We donÂ't fuck around thugs get down nigga ask  
around  
From the center we flip thugstas equiped  
Prepared to make any niggas wig split  
Lawyers on our payroll So I never stay long  
Back out lay low no aint go so I stay gone  
Thuggin it down to the law they at me  
Lookin at a thug keeping it raw I got you  
Fuckin with me wrong well look what happened  
Thugstas got it thugstas got it  
We on the same thang make change make change  
Repay if you got to do your thing better him than me ok  
Its like that around my way  
Better hit than dead they say  
You donÂ't want to see that grey  
So watch your back while you on that grind  
Move forward no rewind watch niggas all the time  
Cuz they want your spot they want your spot  
Nigga fuck that

*[Chorus]*
