[Intro: Bizzy Bone]

(I'm just tryin' to survive)

Yeah, Uh, yeah. Layzie Bone, Krayzie Bone, Wish N Bone, Flesh N Bone.

Tha lil' muthafuckin' nigga you know it's Bizzy Bone.

[Flesh N Bone:]

We've been doin' this time

On the grind, they down up north

Pull up yo' britches

You bitches been caught

Said they got something, some shit

You fucked up when you thought about it

You dealin' with niggas that's built to last

We fully equipped like trucks

You can't afford, this shits when they land

Brought tha whole clan

With a gift they can't undastand, catch it

Cause you came in second

Sure you niggas been feelin' it all day

Cause you niggas been stealin' the whole time

You sippin' on it like the finest wine

I said, I'm just tryin' to survive

Damn, that's my motto until I wake up again

On tha real, fool, mark my eyes, God

Who the most high, shakin' 'em up again

[Layzie Bone:]

So fly, when I lean to the side

Hit 'em with the rhythm

Make 'em go bye, bye

Cadillac, warn your envy eyes

Never seen nothin' like the Uni5

Climb high strive ride

Remember that enterprise

Nigga, these niggas right here get live

Suprise, suprise

Been there, done done that

Been through the best and I've been through the worse

Made my money on tha first of tha month

Slang and I bang and I pop the trunk

I go up against all the powers that be

Original Thugs that done mastered the streets  
Ain't no competition  
Who faster than these G's  
Now that the 5th dog is free

[Chorus:]

The world ain't ready(I'm Just trying to survive)  
The game ain't ready  
These niggas ain't ready  
Cause these lyrics heated heavy (we the unified 5)  
The world ain't ready(I'm Just trying to survive)  
The game ain't ready(Watch me If I'm lyin')  
These niggas ain't ready  
Cause these lyrics heated heavy (we the unified 5)

[Krayzie Bone:]

Ya'll niggas better get up off of my nuts  
We coming with the rhythm, the flow they can't touch  
Whenever you're ready to go they get cut  
Rappin' at the same time, slang our stuff  
Krayzie, Layzie, Bizzy, Wish, Flesh. Perfection  
connection  
One mo time resurrection  
Finna hit 'em so real that it ain't no half steppin'

[Wish Bone:]

Walk a little, get 'em  
When I hit 'em I get rid of them  
Watch your tone and keep your volume to a minimum  
Boy watch your self  
Grown man don't fool yourself  
Good hands, think fast  
They done let the 5th loose  
What u wanna do?  
Militant streets  
Drop 'em your boots Ooo  
Put it up and lose  
This is what we do  
And I can feel the rain comin'  
All in the streets  
Washin' all the stains from me  
So, so bloody

[Chorus]

[Bizzy Bone:]

I'm Just tryin' to survive  
Put 'em up, I'm a get my 9  
Fly to the mainframe  
Same thang, Chain Gang  
Wanna bang, bang

Get down for my thang  
Then change it back to size  
Higher when I realize  
Tired of all the lies, surprise  
Traveled down the sides  
Word to the wise  
Take a dip into pie  
Flip it with the pie  
Welcome to the eye  
Kick it with the mind  
Back to the ride, to the sky  
Akon, I'm trying  
Remember that die, die, die  
Little fly by night  
Out of my mind and out of yo sights  
Survivor, now who's the rider
