Take me, higher, higher, baby  
Can you feel it?  
(Feel it, feel it, feel it)  
Do you feel the same weed high that I do?

'Cuz I'm so high  
(Reefer makes you feel that way)  
And I feeling so right  
Roll mo, roll mo, let's smoke, I got to get high  
I been high since the last song  
(Off that la, la, la, la, la, la, la)

And I just been smokin' and smokin'  
Smoke another blunt, roll another up  
You know that weed can really ease your mind  
Every time I smoke a reefer that indo high makes me  
fly

If everybody smoked a blunt, relieve the mind  
The world could be a better place  
If everybody took a break  
And we all just got wasted float out  
(Out, out out)

Smoked out, choked out  
(Out, out out, out, out, out)  
Pull another O  
(Out, out, out)  
Let's get P O D ded  
(P O D ded, P O D ded)

The weed can't get no better  
(No better baby)

20 dollar hollars, all day, everyday  
Come around my way, we gone want to stay  
Weed makes me hungry, happy and all I can say  
Sure I need some more

Don't make me wait, stay awake, fake sleep  
Got the weed between the sheets catch me  
Mary Jane bless me, open up the dime, stimulate your

mind

Slide my thumb up the blunt, open up to what you find  
in marijuana

I've never been in high times

(Lovin' them high times)

I never been in high times

(But could you tell me)

Am I high enough

(Am I high enough)

Am I high enough

(Am I high enough)

I remember being a little thug

Weed, really didn't know what it was

Then I took a puff and I realized

I should always, stay high

The weed, makes me feel alright

(The weed, alright)

If you feel like I feel, I got half on your dime

If you got weed smoke it, I'm a real weed smoker

If it's mine then I would since its yours you could, you  
should

If I ain't there when you blaze a blunt nigga huh, please  
think of me

'Cuz you know a nigga like to get high, high and free  
(High)

Smokin' all night, feelin' all right, Bone Thugs get high,  
so high

High, high, all night, high, high, so high

Oh my, oh my, oh my, oh my, my, my, my

I know you wonder why I do this love the sky

And I soar up so high this mornin' I was in my bed

Bangin' and ringin' inside my head

I wanted to make love to you baby but last night I got P  
O Ded instead

So baby don't go away, all I got to say is I gotta have  
you Mary J

Such a heavenly feelin' I get when I'm taking fat ass  
blunts to the brain

Oh darlin', I'm going insane and I wish we really can

Kick it at home in America, like it was on in Amsterdam

You heard that I'm, you heard I'm, nothin' but a realer  
thug nigga

Nothin' less than a killa, I might if I'm makin' a scrilla

I never knew no one as live as the bone that kick as

strong as me  
Be rippin' the bong like me, can hit it as long as me

When I need to free my mind I can find, satisfaction in  
a bag of weed  
Everything I need, leave it to the trees  
It can make me feel better and everyday I wake we  
Be rollin' up blunts and mo blunts and mo blunts

And I keep a case of swiss ha sweets in the trunk  
So when I'm rollin', smokin', chokin', just floatin'  
Through the city in the drop top, glock cocked, rollin',  
just rollin'  
Me and Mary Jane that's my world, that's my thang

The way she penetrates my brain  
Buddha, done blessed me with game  
Good game, you wanna chop it up  
We can kick it, smoke a patty to the dome  
Nigga lay high, thugged out, smokin', all, night, long

The weed can't get no better  
(No better baby)

The weed can't get no better  
(No better baby)

The weed can't get no better  
(No better baby)
