Alone I rule the night a messenger from hell,
No light can save you from the shadows where I dwell
Benefactor of mortality, your souls final keeper on a
throne of death,
I reign humanity's reaper
Don't fight, you cannot run your life
I crave your blood, I savor your life
It's over, you cannot hide
To dine this night on mortal flesh
A delicate human flavor
Under my cloak are the voices of all I've killed
Can you hear them calling?
Let their bloodlust be fulfilled when you die
There is no serenity
There is no release
Just a chorus of violent demons
Tearing you apart piece by piece
Don't fight you cannot run
I'll eat you limb from limb
Let this blood feast begin
Your life is over you cannot hide
Punishment rape pain endless suffering
I control the rise of an army of dead
The entire earth shall slowly be bled
I am not a man, not a god, not in between
I am an indestructible entity that treads through reality
and dreams
