When all else fails, grab your board  
Don't get overwhelmed, skate and destroy  
All other issues can be ignored  
When life's at a halt, skate and annoy!  
I need a vacation from the stress  
Cause lately I've been a wreck  
Life wins and you die  
As long as I'm still breathing I will defy

Too much to do, too little time  
Searching but not finding, something to call mine  
But each time I drop in, like a breath of fresh air  
I gotta confess it's a love affair!

Like an addict I get my jones  
To rotate some wheels and break my bones  
I get the urge and I gotta thrash  
Fiending for coping that I can slash  
Flying down the sidewalk, rolling on the street  
Freshly paved asphalt or smooth concrete  
Don't need none, my board can be my wife  
Keep rolling forever, don't be downtrodden by life

Too much to do, too little time  
Searching but not finding, something to call mine  
But each time I drop in, like a breath of fresh air  
I gotta confess it's a love affair!

It's... a love affair!

There's no way else to say it and I'm sure  
To seek out the abstract and obscure  
Each day a new adventure you can't compare  
In my love affair
