Comin' at me like a speed train
It's too late to jump off the track
Locomotion, red hot emotion
I can feel it breathing down my back

I'm shakin' and I'm takin'
So much I feel inside
I'm achin', she's takin' me over the line
I can't get enough of those...

American nights - don't keep me waiting
American nights - she showed me her world
American nights - with my American girl

Those American nights...

Lights are flashing all around me
Love is closin' in, nowhere to run
My destination is your vibration
What you give me is second to none

I'm shakin', I ain't fakin'
No way I'll ever forget those...

American nights - don't keep me waiting
American nights - she showed me her world
American nights - with my American girl

There's no other way
My world stops turning without you
I've just gotta stay forever (ever)...

We're shakin', we're not fakin'
No way we'll ever forget those...

American nights - don't keep me waiting
American nights - she showed me her world
American nights - with my American girl

Yeah!

American nights - don't keep me waiting

American nights - she showed me her world
American nights - with my American girl

American nights
American nights
American nights...

American nights
