Yeah, yeah!

There at the window you're standing in the dark  
Come turn on the light  
You know I'm out there scratching like a dog  
Prowling in the night

Girl...

You know I'm waiting  
You know what for  
If you keep me waiting, babe  
I won't just be knocking anymore

I'm gonna bang down the door to your love  
I'd love to take it easy but you make me play rough  
Bang down the door to your love  
Why do you wanna make me want to bang down the  
door to your love?

The door to your love, yeah...

Out in the shadows, locked out in the cold  
I should turn and walk away  
My instincts tell me, ooh I can feel it  
That you want me to stay

You hear me calling  
And you know why  
You think you'll stop me but  
Now how hard you try

I'm gonna bang down the door to your love  
I'd love to take it easy but you make me play rough  
Bang down the door to your love  
Why do you wanna make me want to bang down the  
door to your love?

What kind of trick are you playing on me?  
Don't push me further in my fantasy  
I'm gonna lose my self control  
You've got to give me more

Or I'll bang down the door to your love...

(Bang, bang, bang, bang) Bang down the door, yeah  
(Bang, bang, bang, bang, bang, bang...)

Bang down the door to your love  
I'd love to take it easy but you make me play rough  
Bang down the door to your love  
Why do you wanna make me want to bang down the  
door to your love?

Bang down the door to your love...  
Bang down the door...

Bang down the door to your love...
