Once a year - you don't get your kicks
riding down Route 66
Way down south - the Dixie way
is a HOG wild place to stay

Get on your mean machine - free and easy
Ride the American Dream

CHORUS

Daytona nights - good time vibration
Daytona nights - Main Street sensation

Welcome bikers - wherever you're from
(you'll) have a blast - and feel like home
Hi Cindy - little Harley Queen
(it's) good to see ya - how have you been

It's gotta blow your mind - Easy Rider
We're all born to be wild

CHORUS
