Well, I might not be a hero
and I'm sure no Superman
I'm trying - to give you - all you ever wanted
'cause I've always thought that love don't ask for much

I don't write letters
I don't work for charity
does it really matter
I'm just the way - I wanna be

CHORUS
Don't go changing me
'cause then I'm not your man
Don't go changing me
just take me as I am

I sure can never build you a castle
but I'll defend our little home
it takes a whole lot - of courage - to be a little bit old
fashioned
but if you look for someone perfect - I won't do

No-one ever owns me
I lay it on the line
Don't try to control me
'cause my love can stop on a dime

CHORUS
