I close my eyes and I see your face
But you're not there
Like a vision, it haunts me everywhere

Every night I'm on a journey
Cold sweat in my hair
I'm going crazy and I'm deep down in despair

I fancy nights, I'm lost in passion
I just can't wait
It's right before me, but it fades just when I wake

Don't you know, I'm falling
I'm hiding in my fantasy (fantasy)
You know, I'm calling
But you just slip away from me

Won't you please come back again...

I still hear the words like magic
Calling out your name
My search for you is drivin' me insane

What does it take, what can I do?
Who's telling me?
I want you back in my arms, set me free

Don't you know, I'm falling
I'm hiding in my fantasy (fantasy)
You know, I'm calling
But you just slip away from me

Won't you please come back again...
So won't you please come back again...

I can't remember what went on in my head
Why did this happen to me (to be)
Wait for an answer that I never will get
'Cause it's just my fantasy, yeah...

Don't you know, I'm falling
I'm hiding in my fantasy (fantasy)

You know, I'm calling
But you just slip away from me

You know, I'm falling
I'm hiding in my fantasy (fantasy)
You know, I'm calling
But you just slip away from me

You know, I'm falling (Don't you know that I'm falling)
I'm hiding in my fantasy (fantasy)
You know, I'm calling
Don't slip away from me...

You know, I'm falling
I'm hiding in my fantasy (fantasy)
You know, I'm calling
But you just slip away from me...
