Something came up  
That we ain't talking about  
You know ya do it to me every time

Your winding me up  
Is only bringing me down  
Ya know, it's only gonna make me go blind

Feeling blue from my head to my toes  
She said no - no - no - no  
You're the queen I gotta try  
'Cause I wanna be your throne tonight

You gotta gimme some  
Hot time dancing in the sheets tonight  
Gimme some  
Hot time gotta make me feel alright  
I've been waiting far too long  
You've gotta gimme some, gimme some

You like it on top,  
Yeah on top of the world  
You see we're in for a dangerous night

With a pocket full of rockets  
And no money to spend  
I'll take you on a one way ride

Feeling blue from my head to my toes  
She said no - no - no - no  
It's a given you're the head of the class  
I really love it when you shake

You gotta gimme some  
Hot time dancing in the sheets tonight  
Gimme some  
Black Cherry, baby, let me take a bite  
I've been waiting far too long  
You've gotta gimme some, gimme some

Feeling blue from my head to my toes  
She said no - no - no - no

It's a given you're the head of the class  
I really love it when you shake

Gimme some  
Hot time dancing in the sheets tonight  
Gimme some  
Hot time gotta make me feel alright  
I've been waiting far too long  
You've gotta gimme some

Hot time dancing in the sheets tonight  
Baby, gimme some  
Black Cherry, honey, let me take a bite  
I've been waiting far too long  
Gimme some
