Sitting here another night in television view
Seems like that's my only friend when I'm away from
you
Yeah, we had another fight about the other flame
Now you claim the candle died, but I say it's the same

You say I'm the only one
Now that just suits me fine
You better treat me good
'Cause I'm forgiving you this time

I'm sleeping all alone
Tell me you're coming home
I'm sleeping all alone tonight

If I had a half a mind, I'd kick you out the door
And if I were an other guy, I'd even up the score
But you see I love you and a body has a will
So please don't knock me in the heart, I hope you had
your thrill

You know that you made mistakes
And me I made some too
So hurry home and ask me
If I'm television blue

I'm sleeping all alone
Tell me you're coming home
I'm sleeping all alone...

I felt strong enough
To play a tough man's game
Quit chasing after love
That never'll be the same with you

See if you got your second chance and that's all that
you get
Some guys wouldn't give you that you better watch
your stand...

I'm sleeping all alone
When are you coming home... ?

I'm sleeping all alone
Tell me you're coming home
I'm sleeping all alone tonight

'M sleeping all alone
Tell me you're coming home
I'm sleeping all alone
Tell me you're coming home...
