We're in a world where just the strong survive
Day after day you're heart's in danger
You've gotta fight to keep your love alive
You are the pain, you are the changes

And I get stronger when I look in your eyes
I can take on the world
I can cut through the lies...

I feel the power runnin' through my bones
I am the sword, you are the stone
I swear forever we can stand alone
I am the sword, you are the stone

I am the sword, you are the stone...

Two heart's together make a force that's one
No one can stop love's fire burnin'
Our passions racin' with the risin' sun
The dye is cast, the wheels are turnin'

Some people say that we'll get nowhere at all
Let 'em tear down the world
But we ain't gonna fall...

I feel the power runnin' through my bones
I am the sword, you are the stone
I swear forever we can stand alone
I am the sword, you are the stone

I am the sword, you are the stone...

Hey!

And I get stronger when I look in your eyes
I can take on the world
I can cut through the lies...

We're in a world where just the strong survive...

I feel the power runnin' through my bones
I am the sword, you are the stone

I swear forever we can stand alone
I am the sword, you are the stone

(Sword and stone)

I feel the power runnin' through my bones
I am the sword, you are the stone
I swear forever we can stand alone
I am the sword, you are the stone

(Sword and stone)

I feel the power runnin' through my bones
I am the sword, you are the stone
I swear forever we can stand alone
I am the sword, you are the stone...
