Momma won't drive me home

she says

walk home in the rain

says

brag about your fame on the block

clouds of soggy people

shooting people

shooting brain across my brain, again

again

again

yankee go home to your home 'cuz you're home

rasta go home to your home and you call it home

rhyming go?

WE are The Menace American...

THIS IS OLD GLORY, the red white & blue

Bongwater Homer
