Three years ago, our journey began
Chasing down this cure, no plan in hand
Just your pulse, my racing guide in the dark
Just knowing with conviction from the start

The moment your eyes made an introduction
I felt my second violent breath of life
Flawless to the point of being godly
Yet I fell hard for your imperfections

And now we're slightly weathered, we're slightly worn
Our hands grip together, eye to eye through the storm,
yet
I still believe in ever after with you, yeahhhhh
Cuz life is a pleasure with you by my side,
And there ain't no current in this river we can't ride
I still believe in ever after with you

Nothing compares to the good times
Feels like we're floating, when the rest have to climb
You made me believe in love, and not the perfect kind
A real messy beautiful twisted sunshine
Emotions, volcanic eruptions
We both still care, so we're still alive
Tunnel vision, determination
I want you, I want to make it right

And now we're slightly weathered, we're slightly worn
Our hands grip together, eye to eye through the storm,
yet
I still believe in ever after with you, yeahhhhh
Cuz life is a pleasure with you by my side,
And there ain't no current in this river we can't ride
I still believe in ever after with you

You are my twisted sunshine
You are my twisted sunshine

[2x]

And now we're slightly weathered, we're slightly worn
Our hands grip together, eye to eye through the storm,
yet

I still believe in ever after with you, yeahhhh
Cuz life is a pleasure with you by my side,
And there ain't no current in this river we can't ride
I still believe in ever after with you
