we used to have it as good as it gets  
the butterflied stomachs and romance cassettes  
we'd fall for each other all over again  
each kiss was the first of it's kind we'd preted  
we started with nothing and worked it from scratch  
we felt high and broke down now there's no turning  
back  
just so you know i am sorry  
just so you know im okay  
not that you care but i worry  
just so you...

i used to love you, you used to love me  
i loved how you loved to play mind games to see  
if trust was an option or only a thought  
my heart frozen fresh in this ink that we bought  
we started with caring and ended with spite  
through truth or the daring i never chose right  
just so you know i am sorry  
just so you know im okay  
not that you care but i worry  
just so you...

i find it amazing, hard working hellraising trying to find  
strenght just for L.O.V.E  
it's something misleading the bleeding and pleading  
for me

we used to have it as good as it gets  
the butterflied stomachs and romance cassettes  
we'd fall for each other all over again  
each kiss was the first of it's kind we'd preted  
just so you know i am sorry  
just so you know im okay  
not that you care but i worry  
just so you...

i guess you should know i've had better  
i guess yo should know i've moved on  
it's not that you cared or you ever  
just so you know  
just so you know
