Long ago oh, so far away
I fell in love with you, I didn't mean to before the
second show
Your guitar it sounds so sweet and clear
But it's just my radio oh no and you're not really here

Don't you remember you said me you loved me, baby
And you'd be back to get me baby
Don't you remember you told me you loved me baby
You know I do, you know I do

Loneliness is such a sad affair, oh yes it is
And I can hardly wait, I can't wait much longer
I can't wait much longer to sleep with you again

What to say to make you come again, come on back
Come back and play for me your sad guitar

Oh baby, you are my baby
Don't you remember you told me that you loved me,
baby
Baby, oh you're my baby and I love you, and I love you,
and I love you

Oh yes
Oh oh yeah, yeah, yeah, yeah

Don't you remember, don't you remember, yeah
Don't you remember, don't you remember
Don't you remember you told me that you loved me,
baby
You said you'd come back for me baby

Don't you remember, don't you remember
'Cause I do, 'cause I do
Don't you remember you told me that you loved me,
baby
Said you'd be coming back to get me baby
Don't you remember you told me you loved me, baby
