Angel, everything's gonna be alright.  
Angel, everything's gonna work out tonight.

Thirteen years old  
Sweet as a rose  
Every petal of her wafer thin.

Love will make you blind  
Creep up from behind  
Get you jumping out of your skin  
Angel, it's sink or swim.

Deep in the heart  
Deep in the heart of this place.  
Deep in the heart  
Deep in the heart of this place.

Door is closed behind me now  
The window is sealed to shut out the light.  
Green as the leaves  
And the cure for the nettle sting.  
Do your homework it'll work out right.

Deep in the heart  
Deep in the heart of this place.  
Deep in the heart  
Deep in the heart of this place.

The scent of cedar  
I can still see her  
You can't return to the place you never left.

Angel, we'll make it work out tonight  
Angel, I wanna be home tonight.

Door is closed behind me now  
The window's sealed, to shut out the light  
Green as the leaves the cure for the nettle sting  
Do your work and you'll work out right.

Deep in the heart  
Deep in the heart of this place.

Deep in the heart  
Deep in the heart of this place.
