Grace, she takes the blame
she covers the shame
Removes the stain
It could be her name

Grace, is the name for a girl
It's also thought that changed the world
And when she walks on the street, you can hear her
strings
Grace finds goodness in everything

Grace, she's got the walk
Not on a ramp or on chalk
She's got the time to talk
She travels outside the karma karma
She travels outside the karma
When she goes to work, you can hear her strings
Grace finds beauty in everything

Grace, she carries a world on her hips
No champagne flute for her lips
No twirls or skips between her fingertips
She carries a pearl in perfect condition

What once was hurt
What once was friction
What left a mark, no longer stings
Because Grace makes beauty out of ugly things

Grace finds beauty in everything
Grace finds goodness in everything
