Love don't need to find a way  
You'll find your own way.  
I forget that I can't stay  
And so I say that all roads lead to where you are.  
All roads lead to where you are.

The seed is split, the bed defiled  
For you a virgin bride  
Find yourself in someone else  
Don't find yourself in me  
I can't lift you up again  
Love comes tumbling down again.

Love don't need to find a way  
You'll find your own way  
I forget that you can't stay  
But I know that  
All roads lead to where you are  
All roads lead to where you are.
