I wanna run, I want to hide  
I wanna tear down the walls  
That hold me inside.  
I wanna reach out  
And touch the flame  
Where the streets have no name.

I wanna feel sunlight on my face.  
I see the dust-cloud  
Disappear without a trace.  
I wanna take shelter  
From the poison rain  
Where the streets have no name  
Where the streets have no name  
Where the streets have no name.

We're still building and burning down love  
Burning down love.  
And when I go there  
I go there with you  
(It's all I can do).

The city's a flood, and our love turns to rust.  
We're beaten and blown by the wind  
Trampled in dust.  
I'll show you a place  
High on a desert plain  
Where the streets have no name  
Where the streets have no name  
Where the streets have no name.

We're still building and burning down love  
Burning down love.  
And when I go there  
I go there with you  
(It's all I can do).
