Black River deep and still  
In the summer sun  
A promise rise she will  
Walk on before she runs  
The evening dream awakes  
Honeysuckle sweet  
By day the levee breaks  
Surround her like a wreath  
I'm not in love  
(Black River deep and still  
In the summer sun)  
I'm not in love  
(a promise rise she will  
Walk on before she runs)  
She tried to hold the moon  
Still the river rose  
Autumn yellow wanes to soon  
Goodbye to all she knows  
I'm not in love  
(Black River deep and still  
In the summer sun)  
I'm not in love  
(a promise rise she will  
Walk on before she runs)
