you can't teach me anymore
i can't learn from you anymore
i can't help you honey
you can't help me anymore
i can't learn the lesson one
i can't learn the lesson two
i could read your letters
you didn't call me anymore

and when the feelings hit you
somewhere inside turns blu
and when the feelings hit you
somewhere inside turns blu

you can't teach me anymore
i can't learn from you anymore
i can't help you honey
you can't help me anymore
i can't learn the lesson one
i can't learn the lesson two
i could read your letters
you didn't call me anymore

and when the feelings hit you
somewhere inside turns blu
and when the feelings hit you
somewhere inside turns blu
turns blu
