the last time i saw you
i told you
i'm like a rolling stone
our raindrops
make that night
make that night so blue
cause your friends and your parents
is all against me
cause i'm like a rolling stone
your parents and
your brothers and
your parents, uhh

but i don't mind
i don't mind
i don't mind
i don't mind

last time i saw you
i told you
i'm like a rolling stone
our raindrops
make that night
make that night so blue
cause your friends and your parents
is all against me
cause i'm like a rolling stone
your parents and
your brothers and
you're all

but i don't mind
i don't mind
i don't mind
i don't mind
