no nos van a joder
estamos hartos de esto

drink and drive
smoke and talk
look and find
sweat and dance

let me go
we don't have a reason
we don't have a reason
we don't have a reason to stop
let me go
we don't have a reason
we don't have a reason
we don't have a reason to stop

drink and drive
smoke and talk
look and fine
rub and dance

let me go
we don't have a reason
we don't have a reason
we don't have a reason to stop
let me go
we don't have a reason
we don't have a reason
we don't have a reason to stop

ah eoh...
to drink and
to smoke
sweat and dance
