Aha, aha,
You think you're better man?
Aha, aha, grrr... mercy
You think you're better man?
Uhhh
You got the right way
But I feel... ohh so good
Step down
Of your land of flashlight
And fake gems
Realize, it all sucks
And you think you're better men?
Aha, aha, aha
You think you're better man?
Uhh, ahh, macho man
You think you're better man?
You got the right way
But I feel... ohh so good
Step down
Of your land of flashlight
And fake gems
Realize, it all sucks
But I feel... ohh so good
Step down
Of your land of flashlight
And fake gems
Realize, it all sucks
