Stay away  
Cover me over  
Brittle contract you made with us  
Energize me baby

The line you drew 'tween us to save your...  
Are you ready to reveal your true colors?  
Good deed makes me wanna die  
Your greed makes me...  
We cross on the subway at 7:40

Lay your eyes on the lines  
Can't get over  
Stay the course  
Your breath is thready  
Pay dearly  
Pay dearly, for your senses

Your gonna take away my freedom  
I can make money by selling my organs  
My body consumes over the line displayed in the  
window  
In the room like the death row  
Standing, standing at the breach

May be my brains on the blink  
What a wonderful world  
Crystal makes him crazy  
Step back  
Step back from the line you drew  
So I move on and I walk on  
I shall bang the drum for 1000 years

Lay your eyes on the lines  
Can't get over  
Stay the course  
Your breath is thready  
Pay dearly  
Pay dearly, for your senses  
Lay your eyes on the lines  
Can't get over  
Stay the course

Your breath is thready  
Pay dearly  
Pay dearly for your senses

Your perfidy energizes me  
Your perfidy energizes me  
So I move on and I walk on  
So I move on and I walk on

Light my fire  
I know we can never merge  
Light my fire  
Let me be who I am  
Light my fire  
But you never defeat me  
Light my fire  
But you never defeat me  
Light my fire  
Try to smash me...  
Smash me...
