I can take you anywhere you want
The place where I'm gonna haunt
I know you're looking for any clues
The sky stretches, wide and blue
Feed me (feed me)
If you wanna get through
So you need me (need me)
We can work it out
Can't you see me (see me)
I live inside of you
Please keep me (keep me)
Can't stand alone
Take me, anyway you want me baby
Take me, I'm gonna drive you crazy
Take me, anyway you want me baby
Anyway you want me baby
Take me, I'm gonna drive you crazy
Anyway you want me baby
I'm gonna drive you crazy
Take me, anyway you want me baby
Anyway you want me baby
I will be you and you will be mine
I am just about to cross the line
I think you might and I hope you do
Come across the line you drew
Take me
When you feel so bad
You should bite me
Can't make it stop
Can't you feel me?
Just a fool for you
You should hold me
Use me all up
Take me, anyway you want me baby
Take me, I'm gonna drive you crazy
Take me, anyway you want me baby
Anyway you want me baby
Take me, I'm gonna drive you crazy
Anyway you want me baby
Shake me, nothing's gonna stop us
Shake it
Take me, anyway you want me baby

Take me, I'm gonna drive you crazy
Take me, anyway you want me baby
Drive you crazy
