Lying in the dark I know you are awake
I will not give in, I will not give in
Pulling faces and admitting not a thing
I will not give in, I will not give in

Lightning flash and everything is sharp and clear
I can see it all, I can see it all
And as the thunder roars, we're raising up a storm
We can shout it down, we can shout it down

Gone are the days of complacency
Gone are the nights of indifference

CHORUS

Here we go, here we go for one more turn
We can shake, we can shake the trees and earth
We can spin, We can spin and not fall down
Hold on tight, we can both become unwound
You and I are going out
And we're dancing in the storm

Honestly my foot is always in my mouth
Still the words come out, the words come out
Not the truth but I have nothing to confess
Just a hint of doubt, just a hint of doubt

Gone are the days of the sideways step
Gone are the nights with no partner
Here we go, here we go for one more turn
We can shake, we can shake the trees and earth
We can spin, We can spin and not fall down
Hold on tight, we can both become unwound
You and I are going out
And we're dancing in the storm

In the storm
In the storm
In the storm (Dancing)
In the storm

Gone are the days of complacency
Gone are the nights with no partner

Gone is the way that we used to be
Now the corner is turned, heaven knows we've learned

Here we go, here we go for one more turn
We can shake, we can shake the trees and earth
We can spin, We can spin and not fall down
Hold on tight, we can both become unwound
You and I are going out
And we're dancing in the storm

Dancing in the storm

Gone are the days of the sideways step
Gone are the nights with no partner
Gone is the way that we used to be
Now the corner is turned, heaven knows we've learned
