If only I could spend all my life with you
When the sun is down, you light my fire
It took me so much time to accept that I could be yours
(Could be yours)
What have you done? (What have you done?)

What are you thinking of?
These days must last forever
Freeze the time (bis)
My sweetheart
Don't let go
I get lost in your eyes
I'm stranded
It's my last try to carry on (carry on)
My dreams with you

You give the rhythm and the pace
For more intensity
I can feel the emptiness
When you're far away from me

It took me so much time to accept that I could be yours
(Could be yours)
What have you done? (What have you done?)

What are you thinking of?
These days must last forever
Freeze the time (bis)
My sweetheart
Don't let go
I get lost in your eyes
I'm stranded
It's my last try to carry on (carry on)
My dreams with you

It took me so much time to accept that I could be yours
What have you done?

Time goes by
In love I am
Time goes by
In love I am now
