We're heading off on our priorities  
With no place to call home  
Road warriors battle the daily grind  
For their spot on the throne

We will rise from those fallen skies  
And we'll go (go) go (go)  
Venture into the unknown  
We will hail from Hollywood trails  
And we'll go (go) go (go)  
Follow the star spangled road

Forced to the fork of crowns and royalties  
It's not the path we chose  
Out on a mission to enjoy the world  
With all of our plans exposed

We will rise from those fallen skies  
And we'll go (go) go (go)

Venture into the unknown  
We will hail from Hollywood trails  
And we'll go (go) go (go)  
Follow the star spangled road

Overwhelmed yet unemployed  
Sacrifice the overjoyed  
Legends born  
New faces, places and stories  
To get us through the day  
Considering antidote  
Roll the credits to the show  
Concrete name on walk of

We will rise from those fallen skies  
And we'll go (go) go (go)  
Venture into the unknown  
We will hail from Hollywood trails  
And we'll go (go) go (go)  
Follow the star spangled road
