Call out to rush the stage as limelight fades away
Rise up and join us now
Conclusion found, this town will never be the same

Say anything to make us stay
They dim the lights we hit the stage
To start this over one last time

Woah, We'll tear it down tonight, we feel more alive
Woah, We love you back
Woah, Keep chanting our words, we'll remember that
Woah, We love you back, oh yeah

Feedback it fills my lungs as words try to escape
They hang on every word
Every chorus sung and every verse

Say anything to make us stay

They dim the lights we hit the stage
To start this over one last time

Woah, We'll tear it down tonight, we feel more alive
Woah, We love you back
Woah, Keep chanting our words, we'll remember that
Woah, We love you back, oh yeah

The curtain falls, it's last call
We swear that we'll be back in no time flat

Woah, We'll tear it down tonight, we feel more alive
Woah, We love you back
Woah, Keep chanting our words, we'll remember that
Woah, We love you back, oh yeah
