Well he's a true punker there's no doubt about it
Nothing's gonna change his mind it makes you wanna
shout out (woah)
And he doesn't care what the fuck you say
All he really wants to do is skate all night and day
(woah)

He Likes the punk rock
He likes the hardcore
But best of all
He's a skate star now
Now which way is he gonna chose to go
Selling records or skating at the show (woah)
Either choice he's gonna get his way
That was his dream since the very first day (woah)

He Likes the punk rock
He likes the hardcore
But best of all
He's a skate star now
