So you eager the fly
On a silver wing
Can't break a day and your sliding on
the silver wing
It was high over housetops
And the gymnies of his thumb
You made your get away
And you never look down

I'm in so much velb and you count it on
the silver wing
Can't break a day and your sliding on
the silver wing
There was no time for yuligies
There was no time for song
The came right and looking
And you're already gone

But I.. I love you Cordelia
Tell the world I do
There aint nobody like me
Gonna see you trough
They'll be blinding you Cordelia
Trie the get you when you sway
But I'm watching you
Every step of the way

And the poets in the valley
And shake their heads
They're scribling on the tablets
But their words can be read
When the morningsun climbs the hilltop
It's so damn easy to see
But some things must remain not said
Wrapped in mistery

But I.. I love you Cordelia
Tell the world I do
There aint nobody like me
Gonna see you trough
They'll be blinding you Cordelia
Trie the get you when you sway

But I'm watching you
Every step of the way

So bring me my arrow
You go and get my bow
I've got business to tend to
I can't stand to see you go
There be talkin' about you Cordelia
Every once in a while
And it sturse me up like the first time
Though I wish I could deny

But I.. I love you Cordelia
Tell the world I do
There aint, nobody like me
Gonna see you trough
They'll be blinding you Cordelia
Trie the get you when you sway
But I'm watching you
Every step of the way
Yeah I'm wachting you every step of the way
