Boris- She Would

She never be alone
If I was there to hold her
I wouldn't make her cry
Wouldn't let her down
I know her little secrets
And solve all her problems
And take away her sorrow somehow

She never be alone with my care
She never have to cry
And I wouldn't let her down if she were mine

I treat her right
Make sure she would
Be satisfied

He doesn't bother by the times he's hurt her
He doesn't seem to be aware of her sign
And where is his love for her
Her heart is feeling homeless
I wonder why she's still his woman
Oh why

Cause she never be alone with my care
She never have to cry
And I wouldn't let her down if she were mine

I treat her right
Make sure she would
Be satisfied, I'd make sure that she would
I do her good
Make sure she would
Love every day

And love would be so far to her
If only I was there by her side

I treat her right
Make sure she would
Be satisfied, I'd make sure that she would

I do her good
Make sure she would
Love every day

And I wouldn't let her down if she were mine
