uhuh.. yeahh.. mmmm.. ohhhhh

I'd never thought we would be here tonight  
After the fall, After it all  
Now could we fly  
I'd never thought I'd be here to find  
Sometimes the best can come as the last surprise  
Shattered and torn,  
I thought we were done trying let it go  
But now you are here,  
I realise what I didn't know  
Could be so

Special (special)  
The colours the never fade  
The cover me everyway  
Just thinking about there's no other place  
Special (special)  
The cure that I can't replace  
I gone up in every way  
You're the light that shines right trough the rain

You picked me up when I was down  
Rewrote the page when I lost the way  
To be around  
Still I straight for a way  
I was just afraid that you wouldn't stay  
What a price to pay  
We said goodbye, I gave in and tried to let it go  
But now you are here,  
I realise what I didn't know  
Could be so

Special (special)  
The colours the never fade  
The cover me everyway  
Just thinking about there's no other place  
Special (special)  
The cure that I can't replace  
I gone up in every way  
You're the light that shines right trough the rain

Aint it funny how we get what we always wanted (ohoh)  
We don't need to walk in the rain anymore (ohohohhhh)

Special (special)  
The colours the never fade  
The cover me everyway  
Just thinking about there's no other place  
Special (special)  
The cure that I can't replace  
I gone up in every way  
You're the light that shines right trough te rain

Special (special)  
The colours the never fade  
The cover me everyway  
You're the light that shines right trough
