I want to wake up with you
I want to be there when you open your eyes
I want you to be
the first thing that I see
I want to wake up with you

I want lay by your side, baby
I want to feel every beat of your heart
and throughout the night
I want to hold you tight
I want to wake up with you

All the love inside me has been sleeping
waiting till the right one came along
you can share the love that I have been keeping, baby
You can put the music to my song

I want to wake up with you
I want to reach out and know that you're there
I want you to be
the first thing that'll see
I want to wake up with you

and throughout the night
I want to hold you tight
I want to wake up with you
All the love inside me has been sleeping
waiting till the right one came along
you can share the love I have been keeping
You can put the music to my song

I want to wake up with you
I want to reach out and know that you're there
I want you to be
the first thing that'll see...
