"Dead Hands"

Can't pry it out of my dead hands, because it's my guarantee. Can't pry it out of my dead hands, because I'm taking it with me. Can't pry it out of my dead hands, it's a gift I got for free. It is the one thing that I have that I'm taking with me. It's the only thing that matters in this world. Material possessions, they will fade away but with my salvation, I am going home. Can't pry it out of me dead hands, I did nothing to deserve this thing. Can't pry it out of my dead hands. It only comes through grace. Can't pry it out of my dead hands, God demonstrated his love for me.
