You sure can talk some smack, you do it to the back,
muckraker exposing flaws, but you are perfect? The
rudder in your mouth is pulling others down. Why don't
you take some time, to look into the soul. You think
what you're doing is right? Tarnish reputations,
wrecking people's lives, there is no room for error, you
are quick to judge, but look into the soul. if you would
look into the soul and see that no one comes close, we
all miss the mark, but God can change the heart. On
the outside we are flawed, inside renewed everyday,
no one can measure up without grace to the sin. Why
don't you look into the soul.
