"Pressing On"

Visit "[Pressing On](#)" on MotoLyrics.com

when we face our struggles and
we face them everyday we'll press
on with God and let Him lead us
on the way through tough times and
bad times the thick and the thin
working through the sweat and grime

we'll keep pressing on when i see
a brother, beaten by life down on
his knees i'll pick him back up
and i hope they'd do the same for
me we don't walk this life as lone
ranger we're a brotherhood in unity
we'll keep pressing on in unity we'll
stay strong
