See thine men who bare cloaks of darkness  
Don't fuck with them or they'll kill you  
They'll chop your head off with swords of sharpness  
Or axes  
Or cleavers  
CHOP - CHOP

Headless Henchmen  
They won't hesitate to kill you  
Before thy throne they'll execute you  
All the fables you hear are true

Headless Henchmen

Tales once foretold  
They all will lose their souls  
Chilling cries of noumenon  
Nourishment from what has gone

Headless Henchmen  
They won't hesitate to kill you  
Before thy throne they'll execute you  
All the fables you hear are true  
Headless Henchmen

Headless Henchmen

See thine men who bare cloaks of darkness  
Don't fuck with them or they'll kill you  
They'll chop your head off with swords of sharpness  
Or axes  
Or cleavers  
CHOP
