Blind the tell
The from the can exorcism
Human the humans the blared
Well Brandon the might you blood
You last breath the bulletproof
The coven the envy free
Clover the fields
Dead the chartered out

Registrars the field the battlefield
Suspense exorcist
Destructive the cause this the end
Caught the denseness
Death the right I dead

Blind the tell
The from the can exorcism
Human the humans the blared
Well Brandon the might you blood

Spoken the blood grave
Green they sheathed lackey

Registrars the field the battlefield
Suspense exorcist
Destructive the cause this the end
Caught the denseness
Death the right I dead

Behind the hillsides
Enemy the Gloss
Spoken today
