It's here what the sun has feared  
I wait in the light of the moon  
I kill shining rising I can deceive

It's the cast the deadly spell  
You're dying hear Satan's bell  
It chimes higher than clouds  
Black night embracing the world

Beyond death we ride  
World hypocrisy hits the ground  
Beyond death we ride  
You are to die falling down  
You're not the righteous one  
Deceiver

Christian prayers will be heard  
Oh yes! When it's winter in Hell  
Christianity a burning corpse  
See the world our world black  
Behold the age of fire  
Demon riot! It doesn't help to show your  
Cross

Christian cross tumbling around  
Jesus died falling down

Beyond death we ride  
World hypocrisy hits the ground  
Beyond death we ride  
You are to die falling down  
You're not the righteous one  
Deceiver

Of God born you are gone  
You'll be put to sleep forever  
Forever unorthodox, silent heaven  
Of Satan born you are here  
You'll be receiving life forever  
Forever commanding the roaring Hell

We ride all of us black

Before it's to late  
Beyond death not to the end  
We will survive Armageddon  
Armageddon

Beyond death we ride  
World hypocrisy hits the ground  
Beyond death we ride  
You are to die falling down  
You're not the righteous one  
Deceiver
