Oh Man

Oh man. Oh man...

Go away man.

I want to sit right here & sip down the rest of my  
Beer.

I got a funny feeling

I think she might be cheating and he knows.

Oh, he's gonna let it show.

She got the funny feeling, she put it on the ceiling.

& she's old

& I told her oh man, you're getting old man.

You're letting go old man

Why won't you understand?

You're on a roll man

Oh man, keep those knees up when you run.

Don't look behind or ahead

You're blind until you're dead.

I got a funny feeling.

I got a funny feeling.

Like the geeky kid in the ladies shoes.

Who's he think he's fooling?

Another year of ruling your own.

& your on your own man.

What do you own, man?

What's reaped and sewn, oh man,

Been down that road again.

Don't stop for no man.

Oh man, I got to go man.

& I take my place in this wonderful race

Oh I'm not a lonely soul.

I know. I know. I know. I know. I know...

I just got to let it roll.

The way you roll determines all your wishes and your  
Wants.

Oh man, you're getting old man.

You're letting go old man.

Why won't you understand?  
You're letting go man.  
Oh man, you gotta go,  
And go take your place in this wonderful race.

Oh I'm not a lonely soul.  
I know. I know. I know. I know. I know. I know...  
I just got to let it roll,  
The way you roll determines all your wishes and your  
Wants.  
Oh I'm not a lonely soul.  
I know. I know. I know. I know. I know. I know...  
I just got to let it roll.  
The way you roll determines all your wishes and your  
Wants.
