The time passed by  
When we met in the light  
In the light that He brought  
Light without shadow

We're waiting for the sign,  
To show the way again,  
Idols in the black halls  
The halls, where His soul shines  
Baphomet

We are our own god,  
We have our own god within

Cold was the night when we are gathered  
Around the the ancient altars  
But my heart was burning temple  
My soul was the only God

We felt the power of Thee  
His soul shone through ours  
Show me the way to the stars,  
Let me tear down my flesh

We are the true God,  
We are the light  
We are our own God  
We burn

The time is coming,  
I saw in my dreams  
We will meet in the light again,  
That burst into flames on the horns of Baphomet

I came to this world to slay  
The Gods of weakness,  
Murder the servants of compassion,  
And tear down the walls of the  
Forsaken heaven

Save me
