Can't you say you believe in me  
Can't you see what you mean to me

Every day I think of you, you're on my mind  
Some things in the past are better left behind  
Every night I dream of you, the images as clear as day

Can't you say you believe in me  
Can't you say you believe in me  
You know that where there's a will there's a way  
Can't you say you believe in me  
Can't you see what it means to me  
Don't leave me alone tonight cos I still love you

We've had our time apart and I knew right from the start  
I could never change the way I feel about you baby  
We can sit here all night long and separate the right from the wrong  
But love won't wait

Can't you say you believe in me  
Can't you say you believe in me  
You know that where there's a will there's a way  
Can't you say you believe in me  
Can't you see what you mean to me  
Don't leave me alone tonight cos I still love you

Ooh, still in love with you  
You know I need you baby, to stand by me  
Can't you see I need you, baby  
Ooh, I'm still in love with you

Can't you say you believe in me  
Can't you say you believe in me  
You know that where there's a will there's a way  
Can't you say you believe in me  
Can't you see what you mean to me  
Don't leave me alone tonight cos I still love you  
I love you
